Why Choose This Process?

How It Works

The Bryan Group (TBG) created this program based on many years of leader motivation and competency research so that even if you are executing the program yourself, the process is high-quality! There are three approaches to employing this program:

- ◆ DIY (do-it-yourself) - Use TBG's materials and tools to customize your evaluation
- ◆ DWY (done-with-you) - TBG specialists provide support and guidance
- ◆ DFY (done-for-you) - Just want it taken care of? This option is for you!

Pricing

DIY package of materials is \$1,100. Consulting beyond the DIY package is billed at \$150 per hour.
